Whom it may concern:

Ms. Kay Dawson has rented a unit in our building for over two years, and I am happy to say that she's been a delightful tenant during her stay. She is conscientious, has taken great care of the apartment and the rent is always paid on time.

My wife and I also live in the building, so she is not only a tenant, but also our neighbor. She's easy going, thoughtful and fun to be around. Her cat Kip is similarly well-mannered. He's quiet, tidy, sociable and well-cared for. We are going to miss them both! Our loss is your gain, and I hope you're able to welcome her into a new place there in the Bay Area.

You are welcome to e-mail or call me if you have any further questions.

Take care,  
Tyler Mallory
